THOMAS PRINTZ' PRIVATE BULLETIN.

A BRIDGE TO FREEDOM PUBLICATION.

November 10th 1957.

VOL. 6. NO. 32.

My dear Ones-

It is with loving interest and tenderness that I watch your individual endeavors towards spiritual growth and understanding and I bless your progress.

A portion or spark of the Creative Fire, with all the creative ability of the God-head, is the natural heritage anchored in the heart of each individual, but the Cosmic pressure of Divine creation may be invoked through the personal or individualized power by means of the self-conscious decree of any Self-Coscious Intelligence, and this cosmic invocation results in cosmic action. You see the full cosmic power and pressure of creation is vested in the Seven Mighty Elohim, and through Them has become vested in the individualized God Flame manifested as man.

When one builds with his hands in the hands of the Elohim, the resultant perfection and speed of accomplishment are, to the outer mind and senses, unusual, for to take into active partnership the Cosmic Builders of all form, is to unite yourself under cosmic law with the forward progress of Divinity. When man and Divinity blend - through the invitation of Divine Beings by mankind - it becomes an activity that is no longer bound by the natural laws of the lower realm, but the manifestation and precipitation become part of the Fourth Dimensional world, or, in the eyes of the uninitiated - miraculous.

It is such a cosmic union that We are endeavoring to encourage. The Gods are willing, but man has not yet been bold enough in his approach to these tremendous, pulsating God-Powers.

As you have been told, the Devas and Builders of Form that serve under the direction of the Elohim are Beings of such magnitude that They can cover an entire locality with Their Personal Presence, and when They are directed by the Elohim toward a certain accomplishment, They render service inconceivable and They could explain away the mysteries of the building of the pyramids and the colossal physical edifices of the past that make modern science wonder. Even the building of a mountain is but the work of a moment to the Nature Devas; the manifestation of a lake but a ten-second sport of one of the Devas of Neptune's Kingdom.

These great Devas are real and tangible. They have life, form and substance. They have intelligence far superior to the most advanced of men. Their service is a service of love to the Gods around Whose Thrones They abide. When the Seven Elohim unite around Their cosmic table, and, with one accord, decide to manifest Perfection, They call uncountable legions of those Great Devas to Their assistance.

Your activity is merely to make the call,-to open the door- through your conscious agreement and at-one-ment with the desire of these Elemental Builders, and if you can keep one-pointed in your inner invocation, you will see that what I say is the Truth and will be amazed at the results.

In closing I bless you and bid you God-Speed upon the Spiritual Pathway to conscious precipitation.

Love and Blessings

MAHA CHOHAN,
